Short summary

- What is the beet acreage and yield in Belgium?
- Who are the largest bioethanol producers in Germany?
- In which locations is isoglucose produced from starch?

The blue pocket book, **Sugar Economy 2022**, answers these questions and more. It is an indispensable tool for:

- Sugar, starch and ethanol producers,
- Sugar traders,
- Beet growers, and
Sugar and corn syrup processors.

The "Blue Bible" is divided into 3 parts:

- Statistics (World sugar production and consumption, EU, German and French production, sugar trade, beet areas etc.)
- The addresses of sugar, starch and ethanol producers, traders, organisations, and institutes in Europe and North America
- The EU sugar regime, in both the complete version and in summary.

Two editions

Sugar Economy /Zuckerwirtschaft /Economie Sucrière Europe 2022

Updated EU sugar market regulation and summary of the EU sugar regulations in **English, German and French**. Statistics and company addresses from the European sugar, starch and bioethanol industries.

Sugar and Sweetener Economy Europe & North America 2022

This edition features information (tables and addresses) on the North American sugar and sweetener industry in addition to statistics and company addresses from the European sugar, starch and bioethanol industries
